Mr. Tessler,

During our call yesterday we discussed the recently signed MOA and the review by the FWS on the JRM INRMP. I checked with Anne Brooke at JRM and she clarified that FWS has already provided comments on the 2013 INRMP (attached). JRM then responded to those comments but the FWS never responded to JRM's responses to the FWS comments (attached).

What JRM/DON is looking for is the FWS to respond to JRM's response to comments so that they can determine if some of the comments have been resolved or if the initial comments by FWS need clarification or further discussion.

Hopefully this clarification will assist your office in meeting the timeline outlined in the MOA.

Thanks for working us into your tight schedule David. We got a lot out of the meeting. I'll keep you posted on the CJMT feedback. I'm sure that'll take a couple days.

I CC'd the addresses for the Draft BO so that you'd have them at your finger tips.
